

# ESC LIFE

## *Access All Areas*

**ESC Life** was formed in autumn of 2013 and it's made out of experienced musicians with more than a decade of playing, contributing to the alternative, independent scene. Musical background of each member can be found in various genres of their previous and current bands (**Hemendex**, **ST!lness**, **Man Zero**, **Umor**). They wanted to start a band that would connect their affinities toward simple, catchy pop melodies and distorted guitars. **ESC Life** spent couple of months working on songs and practiced for their first live shows. Direct influences on their sound and approach can be found in indie rock scene of the '80s and '90s - from **Pixies**, **Sebadoh**, **Superchunk**, **Hüsker Dü**, **Dinosaur Jr.** to **Weezer** and **Hold Steady**.

In autumn of 2014, they embarked on a European tour as an opening act and being a support band for the legendary **Grant Hart** (**Hüsker Dü**, **Nova Mob**). In the meantime, they also opened for the cult indie rock champions **Sebadoh**. Live gigs for **ESC Life** represent one of the strong foundations of the band. By the words and praises from the critics, press and the media, it is a melting pot of *energetic, fast and loud presentation*. Soon after coming back from the tour, together with a very talented producer **Mark Mrakovčić**, they recorded their first full length called **Access All Areas**. Album contains 9 original, and one cover song (**Ostani uz mene**) from one of the most influential pop authors from these parts, **Neno Belan**.

**Access All Areas** is available on CD/LP as a **PDV Records** release. Digital format of the album can be found on the band's Bandcamp page including all relevant on-line services.
