

BELLA TECHNIKA

Section

Bella Technika was founded in 2016. by the authors **Bojan Drobac - Bambi** and **Milorad Ristić - Miki** who engaged the opera singer **Katarina Jovanović** for the purpose of taking on the vocal duties. Their first full-length titled **Section** was created and kept secret for almost 2 years! The album is now available in **LP/CD/Digital** formats. This is the first cooperation of the new label **Bravo Boys** (sublabel of **Odličan hrčak**) and **PDV Records**.

Section is inspired by the fusion of diverse influences such as early electronic, and dance music combined with psychedelic rock, pop, and dub of the 80's with obsession with rare instruments. The album was recorded in Belgrade under the leadership of **Bojan Drobac** and **Milorad Ristić**.

Seth Manchester (The Body, Daughters, Javelin) and **Grammy Award** winner **Emery Dobyns** (Suzanne Vega, Patti Smith, Antony & The Johnsons, Battles, Travis) were in charge of mix and co-production in the **Machines with Magnets** studio (Providence, RI, USA). Mastering was done by **Jon Lemon**, known for working with names such as Nine Inch Nails, Smashing Pumpkins, Jennifer Lopez, Depeche Mode, Pink Floyd, etc. The visual solution of the cover was made by Bambi with **Dave Konopka** (bassist and art director of the **Battles**, and according to the reputable magazine **Pitchfork** one of the most important artists of today). In addition to the band members, the band featured distinguished guests from the country and abroad: **Sonja Lončar** (keyboards), **Filip Krumes** (violin), **Emery Dobyns** (vocals, keyboards, guitar), **Sam Dixon** (guitar), **Seth Manchester** (bass guitar, keyboards).
